Shropshire Council

National Autistic Society | Neuroinclusive Education Network (NEN)

Free Training for Schools

Neurodiversity Education Network

Build your inclusion offer with a **free** package of CPD and networking for your school.

Shropshire SEND Specialists are offering schools and settings an enhanced package that combines training, implementation support and collaborative network meetings, creating opportunities for practitioners to reflect on practice, share expertise and embed meaningful change.

Train

Good Autism Practice

The core module that develops a shared understanding of autistic learners, supports consistent, neuroinclusive practice and serves as the gateway to Shropshire's enhanced offer.

Implement

Following Your Training

An NDP works alongside your school to support implementation, helping staff explore the NEN materials, identify priorities and develop a tailored action plan.

Network

Neuroinclusive Practice Network

An invitation to attend termly meetings that bring together professionals to share good practice, explore current developments and problem-solve collaboratively.

> *"This was the most useful training we have attended on autism for...would highly recommend."*

Develop

Additional Modules Include:

- Developing Inclusive Leadership
- Making Sense of Neurodivergence
- Support for Early Career Teachers
- Managing Transitions
- Understanding Non-Attendance
- Supporting Toileting Anxiety
- Developing Play in Early Years

> *"After being in the profession for many years it just makes you stop and reflect on your practice."*

> *"It was very informative, applicable and relevant to my context and helped me develop and improve my practice."*

> *"It was very interesting, extremely well presented and clear to understand. I enjoyed the course very much."*
