INTRODUCTION

In this directory you will find that schools have been listed near the front and the Learning & Skills Group, other council services, useful contacts and an alphabetical listing of staff at the back. Please note that this directory contains information that is not in the public domain and is for school and council use only.

We are always reviewing how we can best keep you informed and would welcome any comments. Whilst every effort is made to ensure that the information in this directory is correct, staff changes can date the directory very quickly. We would welcome changes or alterations for future publications and will be issuing an online form for completion by schools to help keep the directory up to date.

Most council employees can be contacted by emailing their
forename.surname@shropshire.gov.uk

There are notes in the directory where we know that an individual's email address is different.

Shropshire Learning Gateway

The Shropshire Learning Gateway contains all the information available to help manage schools and assist in school administration. https://www.shropshirelg.net
