

With a passion and enthusiasm for neuroinclusive practice, we offer affordable packages of support to help settings, staff and young people to better understand neurodivergence so children and young people can thrive.

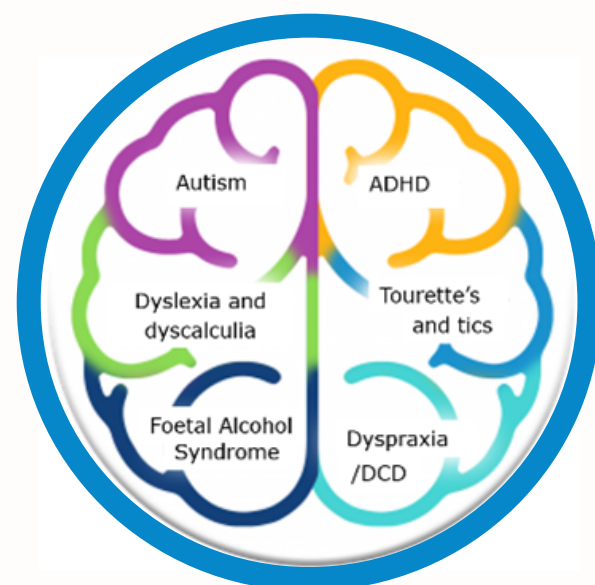

We are a team of three, with backgrounds in teaching and SEND, supporting settings for the 0-25 age range across Shropshire.

What can we do to help?

- Provide coaching for staff
- Directly work with children and young people, individually or in groups
- Provide staff CPD
- Support staff to embed neuroinclusive practice in their setting
- Signpost to services and resources

"It has been invaluable to work with someone who has grown to understand the needs of our school and work with us to tailor support which meets the children's needs."

"Lovely empathetic ladies that 'get' the busy demands within a school environment for SENDCos. Lovely to discuss issues and how best to support our neurodivergent children."

Details of our traded packages can be found in our brochure. Current pricing for the remainder of the academic year 2024-25 is £100 per 3-hour session.

Who can we help?

- Early years settings
- Primary and secondary schools
- Post-16 education/training settings

Support is needs-led so no diagnosis is needed for 1:1 work with individual pupils.
