

# Neuroinclusive Practice Network

## Spring Term 2026

We are delighted to invite all schools who have received Good Autism Practice (GAP) training to attend the first of our Neuroinclusive Practice Network meetings.

This session provides an opportunity to liaise with colleagues in other schools, reflecting on the learning gained from GAP training and the implementation of strategies using the Neuroinclusive Education Network (formerly Autism Education Trust) Standards and Competency Frameworks as well as further continued professional development (CPD).

### Who is this training for?

This event is for school representatives working with autistic pupils aged 5-16 in mainstream schools and specialist settings who have received GAP training since May 2025.

*Please note, we ask for a maximum of 2 delegates per school.*

### This event includes:

- Bitesize CPD on supporting children to manage transitions throughout the day and strategies to help children prepare for change
- Opportunities to share best practice and problem-solve with colleagues and the Neurodiversity Practitioners
- Advice on how to get the best out of NEN (AET) frameworks
- Signposting to resources and support to embed neuroinclusive practice in your school

### **Date and Time:**
